To: Whom It May Concern

Sub: Procurement for Exxon Mobil and Mobil Producing Nigeria

In reference to the above tender, Severstal Columbus is a full line producer of steel coils for Hot Rolled Plate and Pipe applications, Structural steel, Cold Rolled Full Hard and Fully Processed as well as Cold Rolled Galvanized products. We will support AVSCO Houston located at 3810 Juniper Street, Houston TX 77087 in the bid process and undertake delivery of hot rolled steel coils per quantity, specification and terms required.

Being the newest steel plant in the United States and incorporating the latest technology to deliver a quality product, we look forward to supplying your energy product requirements.

Please feel free to call or email me with any questions.

Sincerely,

Roger D. Boggs, Ph.D.
